

# Operating Systems, Hardware, Browsers and Channels

(June 2023)

## **Minimum Device Operating System Support**

**Minimum Android Version Supported – Android 9.0**

**Minimum iOS Versions Supported – iOS 15. iPadOs 15**

To ensure the highest levels of security, devices that are not eligible for upgrade to at least the minimum supported OS version are prevented from installing and/or using the mobile banking app.

Only devices running an unmodified version of the manufacturer-supplies operating system are supported. Please note: Beta releases of Apple and Android operating systems are not supported.

## **Hardware, browsers and Channel Support**

- Mobile Banking does not support the use of the Android “Developer options” setting, including USB Debugging
- Jailbroken/rooted devices and MITM interception are not supported
- The latest stable version of Chrome and Safari browsers are supported. Beta versions of browsers are not supported
- The SMS channel is only supported on devices with SMS capabilities

## **Supported App Stores**

- iTunes App Store (Apple app store)
- Google Play (Android app store)

ADK on the Go’s support for non-Tier 1 carriers depends on the contractual agreement between the SMS gateway provider (aggregator) and the individual carrier. Contact Client Services for questions about a specific carrier’s support for ADK on the Go at 315-272-2500 or 877-404-2265, Option 1.

## **Supported Online Store (App Stores)**

- iTunes App Store (Apple App Store)
- Google Play (Android App Store)

## **Supported Networks**

- AT&T
- Verizon
- T-Mobile/Sprint
- US Cellular

## Supported Devices

The following outlines the scope of ADK on the Go's general device support. Only devices explicitly listed in the Certified Device List are fully supported. Other devices that conform to the general support policy below may function with ADK on the Go.

Brand/Manufacturer	Model
Apple	iPhone 6S
